Interested in status? Want to run your own publication? Applications are being accepted for the editorships of The State Hornet, The Statesman and The Review. Persons desiring to fill these positions should submit their qualifications to Wayne McMillen, coordinator of publications, by April 17.

THE STATE HORNET

SACRAMENTO STATE COLLEGE

Vol. XVI No. 35 Sacramento, California Friday, April 10, 1964

Campus book thieves will be offered their last chance for penance next Tuesday.

A one-day Homecoming For Library Books will be attempted as a special event of National Library Week. Any books, magazines or records filed as "missing" from the Library may be returned then with no questions asked.

No Bookstore In College Union

GOVERNOR BROWN met with foreign students over the Easter vacation and learned something about their views on the State College system. In the first row are the students from the campus who are laughing at a joke told by the Governor. From left to right are Maria del Campo, Kyung Won Kin, Nikolai Pulchritudoff, Gabriel Banaman-Richter, Surrinder Arman and Yusuf Yusuf (Sac. City).

Mayne says need too great for any delay

There will be no bookstore in the college union, at least not in the first stage of construction, the Hornet Foundation decided at Tuesday's meeting.

Although the plans have changed from what was decided a year ago, the pledge of $50,000 backing the basic construction of the college union will stand, the board stated.

"It is impossible to wait for 4-5 years for a union that might not be here," Dr. Blair Mayne, chairman of the Foundation said.

"Because of the pressure there is a need for the bookstore now," Mayne added. Since the bookstore was never a contingency in the union pledge the foundation must, in order to serve the students, investigate the feasibility of either adding to the existing building or constructing a separate and new facility.

ONLY COURSE

In the opinion of the board it was the only course of action open because the present bookstore contains 3770 sq. ft. of space when, according to the recommendation of the National Association of College Stores, the present student body calls for a space of at least 8025 sq. ft.

In the fall the estimated space needed will rise to about 9000 sq. ft. or almost three times the available room.

RESERVE RIGHT

The board expressed the opinion that it would probably favor the new building rather than the addition to the present store, but reserved the right to decide following a study by an architect on cost of the two alternative plans. The preliminary will probably be completed in the next two weeks and then the board will make a decision.

How this will affect the planning of the college union is undecided at this time. Although the plans moved forward this week to the completion of the basic forms for the Board of Trustees, these will now have to be revised. They have been drawn with the bookstore as an integral part of the project.

SPACE TO USE

As advanced the plans committed around 10,000 sq. ft. to the bookstore. With the bookstore now out of the picture the student body will have this space to use. The loss of the store means only that the Hornet Foundation will not be paying for space used or for any of the principle of the loan.

However, it is the function of the Foundation to make monetary commitments "for long term benefits to the college."

OTHER ACTION

In other action the Foundation: reviewed the financial status of the bookstore and food services and found that the bookstore profit margin is 7.8 per cent on the volume of business (10 per cent is the goal) and 3.1 per cent in food service (5 per cent is the goal);

Renewed a contract with the SSC Foundation subject to their approval;

Voted to replace the furniture in the Sierra Room to the cost of about $4000;

Increased the money for bleachers from $30,000 to $35,000 for the initial expenditure;

Heard a report on the installation of viewing mirrors in the bookstore that were purchased to cut down on "shrinkage." J.S.

Foreign Film Festival

Man's trial by laws he had no part in creating will be portrayed in the film version of Franz Kafka's The Trial, tomorrow at 7:30 p.m. in the Little Theater.

Tony Perkins, Romy Schneider and Orson Welles star in the film directed by Welles. Admission is free for student body cardholders and 50 cents for students from other campuses.

General public admission is $1. per person.

The Trial is being presented as part of the Foreign Film Festival by Academic Enrichment Committee.

Christy tickets on sale

Swinging onto the campus with their folk music act next Friday will be the New Christy Minstrels.

Their performance is scheduled to begin at 8 p.m. in the Men's Gymnasium. Tickets are now on sale in the Associated Students Lounge with a 50 cent discount being offered to student body cardholders.

The New Christy Minstrels consists of seven boys and two girls who combine a distinctive folk harmonizing with good musicianship and an added touch of comedy and beat.

NEW SENSATION

Reviews of the group's first Broadway appearance, at the Latin Quarter nightclub, were favorable. Life Magazine wrote that "they were a new show business sensation."

Variety comments included, "The wide assortment of instruments and voices give it (the group) all a fullblown force with a captivating drive."

Billboard shouted, "One of the strongest on-stage acts in the folknik field."

WHITE HOUSE GUESTS

The New Christy Minstrels introduced Hootenanny at the White House earlier this year. As President Lyndon B. Johnson gathered around his dinner table with dignitaries and distinguished statesmen to pay tribute to President Segni of Italy, the New Christy Minstrels literally bulged the White House walls with the rhythm of their singing, swinging folk music.

COMMENCEMENT SPEAKER

Applicants for student commencement speaker this June are urgently needed, according to Dr. Paul Huber, assistant professor of speech.

Students interested in applying are invited to contact Huber at 123 Business Administration immediately.

Sorority Rush continues

Signups for sorority open rush will continue through next Friday, according to Panhellenic Council president Sharon Ribbeck. Signups will be conducted in the Activities Office, 272 Administration building.

To be eligible for open rush, a woman must have completed at least 12 units and have an overall grade point average of 2.2. This requirement is the same for regular rush.

There are no restrictions upon the sororities or rushees as to the number of parties, mixers or activities scheduled as part of open rush functions.

Sororities below the quota of 60 members are eligible to take part in the rush. These are listed in the Activities Office.

Profs. publish book on child creativity

Nationally acclaimed artist and author, Dr. Earl W. Linderman, assistant professor of art on campus, has recently written a book about creative thinking in children.

"Developing Artistic and Perceptual Awareness" is the title of the book which required two and one half years of research by the co-authors Linderman and Donald W. Herberholz, associate professor of art. The book is being distributed nationally on college campuses for use in art education and elementary education classes.

"In our own experiences we could not find a book which answered the questions which students and parent asked us," stated Linderman. Consequently the two men got together and began their research. Significant areas covered in the book deal with how to develop creative thinking in elementary school children by developing their perceptual awareness.

CRITICAL PROBLEM

When asked what he felt was the most critical problem in the elementary classroom curriculum Dr. Linderman gave the following statement. "I think that the classroom teachers must realize the fundamental significance of art experiences as basic to the development of creative growth. Early sensory experiences in observing, feeling and listening are central to the education of children regardless of later professional ambition."

Herberholz and Linderman are extremely pleased with the response their book has received thus far. At a recent literary reception held at Dinsmore's Bookstore 300 people attended, including parents and teachers who were interested in finding out how they could develop creativity in their children.

Linderman has written several articles on art and creativity which have been published in leading art and education journals. He is currently conducting research pertaining to the qualities which make a good teacher for a possible future book.

Aside from his writing Linderman has exhibited paintings nationally in the Philadelphia Academy of Fine Arts, the Detroit Museum, Albright Art Gallery and Madison Square Garden. He is also well known for his lectures on art education and creativity.

Linderman received his doctorate degree from Pennsylvania State University and taught there for two years. He also worked with the late Victor Lowingfeld, a well known art educator. Linderman taught in public schools in New York before coming to SSC. He has been here for four years.

Herberholz is a sculptor as well as an art educator. He has exhibited his work at the California State Fair, Crocker Art Gallery and most recently at Barrio's Gallery. He has several years of public school teaching experience and has taught at SSC for the past eight years.

TRI HALL DANCE

Umbrellas and flowers will be the setting for the annual Tri-Hall Spring Dinner Sunday at 4 p.m. in the Cafeteria.

A barber shop quartet from Draper Hall will entertain students from the 3 residence halls. All students living in the dormitories are invited, and may bring guests at $2.50 each.

THE MONTEREY INSTITUTE of FOREIGN STUDIES

offers curricula leading to the B.A. and M.A. degrees in languages and civilizations and in political arts.

LANGUAGES & CIVILIZATIONS: French, Spanish, German, Russian, Italian, Japanese, and Mandarin Chinese

POLITICAL ARTS: European, Far Eastern, Near Eastern, and Latin American Studies.

A multi-disciplinary approach combining language, literature, social institutions, geography, economics, law, political thought, diplomatic history, historiography, and contemporary problems in the study of foreign civilizations.

FALL SEMESTER: September 30, 1964 - January 30, 1965

SPRING SEMESTER: February 6, 1965 - May 29, 1965

An upper division college and a graduate school accredited by the Western Association of Schools and Colleges as a liberal arts institution. An American institution with a foreign-born and foreign-trained faculty. Ideal locale for year-round study.

1964 SUMMER SESSION: June 22 - August 29

1965 SUMMER SESSION: June 21 - August 28

An opportunity for foreign study — at home!

The Institute is meeting new as well as old California teaching credential requirements.

Reading conf. scheduled here

Reading and Language Arts: An Integrated Approach will theme the second Northern California Intermediate Reading Conference to be held here tomorrow. Coordinator for the conference is Dr. Robert Whitehead, assistant professor of education.

Opening session of the conference will include a speech by Dr. Nila B. Smith, president of the International Reading Association. She is a member of the faculty of New York University.

Her topic will be Getting Deeper Meanings in Reading. Opening session will be at 9 a.m. in the Women's Gymnasium.

Section meetings from 11 a.m. to noon will be devoted to 15 areas of reading.

Emotional Aspects of Reading will be the topic of Gerald Jampolsky, M.D., assistant professor of psychiatry at the University of California Medical Center. His lecture will be delivered during a luncheon meeting at 12:15 in the main dining room of the cafeteria.

Students and the general public are invited to attend. Fees for the sessions are $2 for the public and $1 for students. There will be a charge of $1.35 for luncheon tickets.

Science building largest on campus

New science facilities will be housed in a five story building which, it is hoped, will be under construction by fall of 1964, according to John R. Cox, executive dean.

The building is planned for occupancy by the fall of 1966 and will be the largest structure on the campus.

Working plans are now about 80 per cent complete for the air conditioned building containing over 200,000 square feet. It will cost in the neighborhood of $6,000,000, Cox said.

With its five stories above ground and full basement, the new building will be typical of the larger-sized, high rise buildings that will dominate the campus in the future, Cox continued.

The new science building will house the departments of life science, physical science, physics, chemistry and nursing. It will include a temporary allocation of space for a library for the science collection.

When the main library is relocated on the south campus, Cox added, the library space in the science building will be converted for laboratory use.

For the first time space will be assigned in the life science labs for graduate student individual research projects. This space will be available when the new building is in use, and it is hoped will continue "attracting good quality graduate students," Cox said.

The building will be built between the present Life Science and Chemistry buildings, but just to the east of them, breaking up the present formality of arrangement and creating a science court. Its placement requires the rerouting of Jed Smith Drive.

Three elevators, one combination of passenger and freight and two for passengers are included in the building plans. These will aid in access to the upper floors.

A two story corridor will connect the present Life Science Building with the new structure, making it possible to roll carts and equipment between the two buildings.

Among other things, the new building will provide some very badly needed faculty office space, Cox concluded.

The building was designed by the office of Architecture and Construction of the State of California.

Olympic memories part of Glander's 25 year career

By Jon Engellenner

The eternal flame of the Olympics will burn brightly this summer in Tokyo, Japan, and Assistant Professor of Physical Education Joe Glander will sit back and recall the 1952 Olympics in Helsinki, Finland, where he served as trainer for the U.S. swimming and diving squad.

Glander, who is celebrating his silver anniversary as a swim coach this year, graduated from Ohio University in 1935 with a B.S. in education and went to Sandusky, Ohio, Jr. High that year to teach swimming.

In 1946 he went to the University of Oklahoma along with Jim Tatum and Bud Wilkinson.

In March, 1952, he received a letter from the selection committee of the U.S. Olympic team telling him he was one of 30 men nominated for the eight trainerships on the 1952 squad, and asking him if he was available. "Naturally," was his reply.

One of the first problems encountered by the swimming team was a shortage of practice facilities--there was only one pool for all the teams to train in. As a result, the teams drew lots for practice times, with the U.S. men drawing a 6 a.m. spot and one in the afternoon. They were to be followed at

COACH JOE GLANDER

7 a.m. by the Russian team.

TENSION

When the Americans arrived for their first practice session, the Soviet squad was already there, complete with a battery of cameramen to film the U.S. workout. "The (American) men immediately stiffened up and the tension began to build," Glander said. But the day was saved by U.S. diver Bobby Clotworthy, now swim coach at Princeton.

His ice-breaking comment was, "What the hell's going on around here? Everybody acts like they're scared to death!" The Russians evidently understood enough English to catch the meaning of the remark and the situation eased up. Clotworthy and Bakatin for the USSR struck up a friendship that day and remained inseparable throughout the games.

"Just before the 200 meter butterfly race, about 2 p.m., I went into the restaurant alone," recalls Glander. "John Davies, the Australian butterflier came in. After he had gone through the cafeteria line, I called to him to come over and eat with me." Davies had come in to grab a bite to eat before the race.

But what a bite! His repast consisted of hot dogs, sauerkraut, fried potatoes and two bottles of Finnish beer. Glander was slightly flabbergasted.

"John, you're not going to eat that, are you?" he asked.

"And why not? It agrees with me," came the reply.

"He not only won his event," continued Glander, "he broke the Olympic record by five seconds."

FINAL OUTCOME

The final outcome remained in doubt until the last round of boxing competition, when the U.S. grabbed gold medals in the middleweight, light heavyweight and heavyweight divisions.

After completing his stint on the Olympic squad, Glander went to the University of Idaho as track coach and swimming instructor in December, 1952. In 1959 he came to SSC where he was trainer for all the athletic teams for two years. When a swimming team was started here in 1961 he assumed the coaching chores, as he did for water polo in 1962.

At the awards banquet of the College Swim Coaches of America in New Haven, Conn., March 25, Glander was awarded a plaque recognizing his 25 years of "capable and inspiring work with students and associates...."

A fitting and well-deserved tribute.

Everybody enjoys farm work in Europe

WORK IN EUROPE

Resort, sales, lifeguard and office work are examples of thousands of summer jobs available in Europe to every registered student. No experience or foreign language is required and travel grants are given to all students. Wages range to $400 a month. For a complete prospectus with photos, job and travel grant applications, a $2 cash book coupon, handling and airmail charges send $2 to Dept. R, American Student Information Service, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg.

Greek Columns

ALPHA PI DELTA

Plans are underway for the annual Safari dance on May 2.

Pledge officers for the spring semester are Gary Braze, president; Fred Crase, vice-president; Fred Hilger, secretary-treasurer; Bill Dunbar, activities chairman; and Pete Boam, historian.

BETA PHI BETA

Jailbreak will theme the mixer with Phi Kappa Tau tonight. Pledges Sherri Kinnell, Shari Bergandahl, Sue Pike, Pam Reeves and Carole Wolfman will provide the entertainment.

Ruth Fignani announced her engagement in the traditional candle ceremony on March 31.

DELTA SIGMA NU

The pledge class has elected Rosemary Green president. Joyce Werries is in charge of the pledge money-making project.

Tentative plans are being made for the annual Pink Champagne dinner dance in May. Delores Carroll is chairman.

IOTA CHI

Iota Chi received the trophy for the highest grade point average among the sororities for the second consecutive semester.

Pledge officers for the spring are Carolyn Whisman, captain; Sue Balko, secretary; and Micki Flemmer, historia. Pledges will serenade the fraternities as a traditional activity next week.

Iota Chi sends congratulations to Carolyn Rohnow on her selection as Playmate at the Alpha Sigma Phi Playboy dance.

SIGMA ALPHA SIGMA

Pledges will co-host a car wash with the pledges of Phi Kappa Tau Saturday at 51st and J Streets.

An open rush party was held Tuesday night in the home of pledge mistress Sue Johnson. Informal initiation will be held Tuesday for the new pledges.

SIGMA PHI EPSILON

Tomorrow evening Sigma Phi Epsilon colony will be formally initiated into active chapter status. A Grand Ball will follow initiation in Hotel Senator. Marc O'Brien is in charge of banquet preparations and Frank Beitz is decorations chairman.

Brothers extend congratulations to Carolyn Rohnow for being named Miss Playmate. Carolyn is the second consecutive Sig Ep candidate to receive the title.

During the spring break many of the brothers and pledges completed the exterior painting of the fraternity house.

THETA CHI

Omega Chi Delta's initiation into Theta Chi National Fraternity has been rescheduled for May 30. A stag dinner followed by the Sweetheart Ball is being planned for the evening.

Brothers will support the City of Hope charity for an anti-cancer campaign this month. They will canvass the local neighborhood asking for donations to the fund.

ART EXHIBIT

The Art Department of Sacramento State College is exhibiting at Town and Country Village Allied Art Center, No. 6, Adobe Court.

The exhibits consist of Prints and Ceramics.

Box 13593—Phoenix, Arizona.

MUN delegates go to Spokane

Fourteen delegates will travel to Whitworth College in Spokane, Wash. on Tuesday to attend the annual four-day Model United Nations conference.

Finland will be represented by the delegation at the event which begins Wednesday. Delegations from this campus have participated in 12 conferences since the MUN was initiated in 1950.

Delegates include Surrinder Arman, Charlene Craver, Peter De Marro, Michael Frost, Warren Jones, Fenno Kiff, Richard Kimball, Jack Kimbro, Edwin Rocher, Kathleen Schiele, Robert Skibinski, Thomas Ustick and Cam Wickham.

Selected by a faculty and student committee from about 60 applicants last November, the delegates have been meeting regularly since to prepare for the conference.

Most of the preparation is arranged in a 2 unit class and has been concerned with learning, in the words of advisor Mahmut N. Lacin, to "think like a Finn."

Delegates do extensive research into the political, social and economic structures and problems of the country they will represent.

Rather than represent their own opinions or bias, delegates will be expected to respond according to the needs and preferences of Finland.

Transportation to Spokane is being arranged by chartered bus in conjunction with Chico State College.

Chairman of the delegation Kathleen Schiele is one of three delegates who have taken part in previous conferences. The other two are Jack Kimbro and Richard Kimball.

All expenses of the delegation are paid by funds of the ASSSC.

Lacin emphasized that it is important for students interested in the Model U.N. to file their applications early in the fall semester. Applications from students in all divisions are considered.

SILVER KEY

Women achieving scholastic recognition on the Dean's Honor List for the 1963 fal semester will be special guests of Silver Key women's honor society at a reception Sunday from 2 to 4 p.m. in the Faculty Dining Room.

Dr. Margaret McKoane, associate dean of activities, will be guest speaker.

Gifted Child Assoc. sponsors speaker

Dr. R. Nevitt Sanford, director of the Institute for the Study of Human Problems at Stanford University, will deliver a public address at 7:30 p.m. Monday in the Faculty Dining Room.

Is Our Society Producing Authoritarian Personalities Among the Gifted? will be his topic. Sponsored by the college's Association for Gifted Children, the lecture is one in a series scheduled throughout the school year.

Sanford, professor of psychology at Stanford, is a former member of the psychology faculty of the University of California at Berkeley. He received his Ph. D. degree from Harvard.

Formerly president of the Society for the Psychological Study of Social Issues, Sanford is presently a director of the American Psychological Association and the Social Science Research Council. He is also a member of the San Francisco Psychoanalytic Society.

Sanford's publications are principally in the field of personality and social psychology. He is editor and senior author of Physique, Personality, and Scholarship; The Authoritarian Personality, and The American College.

CREDENTIAL CANDIDATES

Attention prospective student teachers: Applications for student teaching in the fall semester, 1964, must be submitted by April 24, 1964.

Students must file before this deadline even though their applications for credential candidacy have not yet been approved.

Forms are available in the Credentials office, 106 Education building.

Job Slot

The following employers will interview seniors and graduate students on the dates indicated.

Appointments must be made in advance in the Placement Office, 256 Administration building. This schedule is subject to periodic revision.

MONDAY, APRIL 13

WILLITS UNIFIED SCHOOL DISTRICT in Mendocino County will interview all art, math, Spanish, industrial arts and business education majors for kindergarten through 8th grade and secondary teaching positions.

AMADOR COUNTY HIGH SCHOOL in Sutter Creek is interested in physical science and math (SMSG) majors.

CENTINELA VALLEY UNION HIGH SCHOOL DISTRICT in Hawthorne will speak with English, remedial reading specialists, EMR, math, science, boys' p.e., social studies and business education majors.

TUESDAY, APRIL 14

DEPARTMENT OF PUBLIC WORKS, Division of Highways will talk to all interested accounting majors from 9 a.m. to 12 noon only.

U.S. TREASURY DEPARTMENT, Treasury Enforcement Agents will interview police science and administration or other majors with at least 12 units of accounting.

AMERICAN NATIONAL INSURANCE COMPANY, Sales Department will speak with all interested men, regardless of majors.

College Kick-off

Counselors and alternates have been chosen for the 1964 College Kickoff. They are Larry Alamo, Ron Arrants, Darena Bailey, Sue Bernaty, Donna Blauert, John Bunting, Rich Chubon, Ernie Dun, Richie Eich, Jean Gallaher, Russ Grant, Terry Hansen, Gail Horn, John Hubbard, James Irey, Brian Jacobs, Sue Jordan, Rich Kaough, Margaret Kenstler, Cynthis Kupfer, Al Mendoza, Diane Moser and Lynn Nelson.

Also John Nunes, Kit Oase, Kathy O'Connell, Karen O'Gara, Sally Owens, Jan Padovan, Donna Pakton, John Poswall, Bruce Pyle, Steve Radman, Sharon Rebbeck, Sharon Reed, Bill Reimers, Mary Ellen Rivera, Shari Roy, Frank Ruggiero, Marilyn Serrage, Doug Simmons, Wayne Stokes, Gary Sturni, Mitch Terkildsen, Beth Throne and Karen Zacharias.

Training sessions will be held over a period of six Sundays during this semester. Heading these sessions will be Ken Olds, general chairman of CKO, and Mary Ellen Rivera.

WHO SAID Foreign Study is for Language Majors Only.

Of course, it's for them, too.

But it's also for undergrads in history, political science, international relations, economics, psychology, philosophy and some other fields.

We know. Over half the students in our university centers in Europe aren't language majors. They're pursuing studies in their own fields, and giving them a fresh, European dimension—without interrupting their college careers.

Foreign study may suit you, too. (It isn't for everyone.) This is the time of life when the experience of Europe can mean most. It will mean most if you use it to deepen and extend your formal studies.

You might look into it—and learn about our programs, including a new one opening next fall at the University of Madrid.

Our centers don't offer mere "civilization" courses. They aren't cozy little "ghettos" for Americans. Institute programs immerse you in a great European university as deeply as your abilities allow. (We supplement and guide your studies, as necessary, to make sure they satisfy U. S. requirements.)

FREIBURG • Regular university courses at the University of Freiburg, in the Black Forest; taught in German, with tutorials. For B-average juniors with intermediate German. Das Deutsche Jahr: $2,380.* Das Deutsche Semester: $1,605.*

PARIS • French-taught Honors Program in Contemporary European Civilization for B-average juniors (and some top sophomores) with one year of college French. Academic year: $2,650.*

MADRID • Spanish-taught program at the University, for B-average juniors (and some top sophomores) with two years of college Spanish or one year of college Spanish and two in high school. Hispanic Year: $2,610.*

VIENNA • English or German-taught courses at the University of Vienna for C-plus juniors and sophomores. Previous German required only for spring semester. European Year: $2,380.* Spring Semester: $1,605.*

*Fees include tuition, intensive language instruction, orientation, room, most meals, two field trips, round-trip ocean passage.

RUDY MINNICK, Hornet left fielder, swings at a high fastball in Monday's first game of a doubleheader against Washington State University. SSC was shut out twice by the Cougars 3-0 and 1-0. The Hornets came back on Tuesday to win a pair from the University of Nevada 3-1 and 4-3. Sacramento will be in action tomorrow against Humboldt State on the Hornet field, at 1 p.m.

SSC meets Davis there Saturday

Sacramento State's cinder squad will have its feet, er... hands full Saturday when it collides with the Cal Aggies at Davis.

Davis duped the track dopesters when it upset perennial FWC champ, Nevada, earlier this season in a dual meet, and have since occupied the favoriet's role in FWC track and field. Particularly strong in the field events, they boast shotputter, Henry Pfrehm, who last Saturday, shoved the iron ball 57- 1 3/4 for a career best and javelin tosser, Tox, who is consistently over 200' in that event. High jumping is another of the Aggies' specialties with a host of jumpers who have cleared 6-0.

Aggie sophomore Tom Rogers is a rising star on the Davis front as he set a new school record last Saturday in the half-mile with a time of 1:54.6.

Sprinter Mike Iverson is the mainstay in that department with sub-ten second performances in the 100-yard dash. Hurdler Harry Bergtholdt has been in the low 15's in the 120 hurdles and high jumps over 6-2 besides.

Distance depth and versatility will be the number one weapon of the Green-Gold aggregation when they invade Davis for the encounter with the arch-foes; that is if a few injuries are shaken off in time.

Versatile Henry Lawson will be heavily counted on for valuable points now that he has overcome a pulled leg muscle. Interest will also be focused on polevaulter, Willie Wixom, now that he has entered the corps of the 15-0 plus vaulters. Paul Richardson, distance ace, could be pushed to an outstanding mark in the 880 by previously-mentioned Rogers.

Davis will reign as pre-meet favorites, but the meet is expected to be extremely close, perhaps best decided by a flip of a coin. Much of track coach Harvey Roloff's title hopes hinge on this meet which will convene at 1:00 Saturday afternoon on the Davis field.

Ski races Sunday

Two teams from the SSC Ski Club will compete in this Sunday's Downhill and Giant Slalom race at Slide Mountain Reno, Nevada.

The races, sponsored by American River Junior College, begin at 10 a.m.

Lawson wins firsts

Track coach Harvey Roloff pulled the wraps off Henry Lawson and the sophomore sensation responded by placing in five different events last Saturday in a dual meet with Humboldt State.

Besides zipping off a fast :49.6 quarter-mile leg of the mile relay, Lawson helped the Hornets to another relay first in the 440, placed first in the triple jump with a leap of 45-1, besides adding a second in the high jump and a second in the broad jump.

Lawson's 13 1/2 points paced the Hornets to a 98 1/2-45 1/2 romp over Humboldt State College in a FWC dual meet.

Brisk winds held down many times. The one outstanding mark was turned in by SSC hurdler, Jake Reimers, who skimmed the 330 intermediate hurdles in a clocking of :38.9, one-tenth off the school record.

Polevaulter, Willie Wixom, soared 14' in that event for an easy first. Last week, Wixom set a new Hornet standard with a vault of 15' 1 1/2" and expects to go higher before June.

Twenty-nine year old distance gem, Paul Richardson, won the 880-yard run in 2:01.3 and nearly upset Humboldt ace, Bill Ferlatte, in an exciting mile race.

SSC plays two here

The Hornet baseball team will return to league action tomorrow as they host the Humboldt State Lumberjacks in a doubleheader on the SSC diamond. Game time is 1 p.m.

Coach Cal Boye's nine are fresh victors over the University of Nevada, beating them twice last Tuesday 3-1 and 4-3. Four Nevada errors plus a run scoring triple by Chuck Davis accounted for the SSC runs in the first game. Ralph Peterson allowed three hits, striking out nine in gaining the victory.

In the second game the Hornets got clutch hitting by Rudy Minnick and Joe Belcastro. Minnick drove in two runs while Belcastro got two hits.

On Monday, Washington State University blanked SSC twice behind the brilliant pitching of Bob Stephens, Bob Salisbury and Mike Avey. The Hornets could only muster nine hits all afternoon against the Cougars.

During the Easter holidays, the glovemen won both games of a double bill from USF, 6-3 and 3-1. Ross Stone and Jim (Spider) Thomas provided the pitching to halt the Dons. Thomas allowed only five hits in the nightcap.

Chuck Swimley and Roy Rowley collected two hits apiece.

SSC Linksters play Stanford

Unbeaten in league play thus far, the Hornet golfers travel to Palo Alto today for a non-league match with the Indians of Stanford.

The Hornet's chances look mighty good for a victory. Over the vacation, the Hornets tied for eighth place with UCLA in the Western Intercolligiate Golf Match.

Since and during the Easter vacation the local linksters have polished off Sonoma State College, 21-0; University of Santa Clara 18 1/2 - 8 1/2; Cal Aggies 19 1/2 - 1 1/2; and Humboldt State 18-3.

SSC mermen drown Aggies, stop 3 game losing streak

The final event of the evening, the free-relay, here Tuesday gave the Hornet Swimming team a 52-42 win over traditional rival UC Davis.

The meet victory broke SSC's three game losing streak.

The score was 45-42 when the Hornet team composed of George Eisert, Fred Duerner, Bill Clough and Barry Boyer gave the old school try and came from behind to bring home the victory.

Earlier Barry Boyer added two firsts to the cause. Also placing first for SSC were breaststroker Chuck Ertmode, who just recovered from the flu, and diver Jerry Personius. Fred Duerner and George Eisert added two seconds. Bill Clough and Rich Graham also took seconds.

The local mermen's league record is now even at 3-3.

Over the last three weeks the SSC mermen's luck abruptly changed as the Hornet's league standings plumeted from a 2-0 tally to a 2-3 record before meeting UCD, Tuesday April 7.

The losses began with San Francisco State's drubbing of the Green and Gold swimmers by a 60-33 margin in the winners pool on March 19.

Last Saturday the Hornets, minus George Eisert, Fred Duerner, Bill Bell, Chuck Ertmode, and Gordon Rogers, dropped two decisions in a double dual meet at Chico State. Chico's team dropped SSC 76-19 while Humboldt State nipped them in the final relay event to win 64-50.

SSC's Barry Boyer led the team against both opponents with two seconds and a third against the host Wildcats and three firsts against Humboldt State College. Dick Graham, Jerry Personius, Bill Clough and Greg Babbitz also gained seconds against the Lumberjacks while Graham and Personius tallied seconds against Chico.

The next meet is April 16 in the SSC pool against San Francisco and a lone swimmer from Sonoma State College.

Grid seats bought

There will be seating for 4200 fans at the "collisium" this fall as $40,000 is available for purchase of 3000 new bleachers.

Tuesday the Hornet Foundation increased their planned expenditure to $35,000 which will be added to the Associated Student's contribution of $5000 that was allocated last week.

Both McClellen Air Force Base and the University of Davis have notified the college that the bleachers borrowed from them last year will not be available this year.

Although the field has been approved for a budget expenditure for the 1963-64 fiscal year the Board of Trustees has failed to give approval to the actual construction outlay.

Added to these 3000 new seats will be the 1200 bleachers which are on campus now.

The new seats will be 20 rows high in contrast to the ten row type available last year.

These bleachers will be moved to the permanent outdoor athletic facility on the south end of the campus as soon as the field is ready.

MIAMI — AP —What are people doing with their backyard bomb shelters?

About 300 were installed in the Miami area. The owners have found all kinds of uses for them. They are serving as laundries, Cub Scout dens and places for weekend campouts.

A favorite use is for storage. People keep Christmas decorations, suitcases, lumber and paint in them.

Upset minded netters take on UC, Davis

With a heavy schedule in front of them, the Hornet netters will travel to Davis tomorrow with the anticipation of an upset.

Last Saturday the locals lost a tough match to Humboldt, the Jacks squeaking by with a 4-3 triumph.

Coach Jossi and his squad led by Bud Travers will be up against the likes of Dan Aldrich, John Osborn, Dennis Fanucchi, Dave Bull, Ken Gelatt and Dana Lerner.

Following are the results from the Humboldt vs. SSC match: Abbott Squire defeated Laverne Gonzales 6-4, 6-3; Steve Clapp lost to Bud Travers 6-1, 7-9, 4-6; Dennis Oaken lost to Rick Underwood 2-6, 2-6; Bill Davis lost to Larry Bryant 0-6, 4-6; Craig Thurston defeated Ted Lindberg 6-3, 6-4; Oaken-Thurston defeated Bryant-Underwood 4-6, 6-4, 8-6; Squire-Clapp defeated Gonzales-Travers 5-7, 7-5, 6-4.

SSC JV's whip Yuba

A 13-hit barrage, against five Yuba College pitchers brought a recent victory to the SSC Jayvees, 8 to 1.

Ken Holley pitched the full nine innings for the victors, giving up only five hits.

Mike Stefanko led the attack at the plate with four hits in five tries, including two doubles and four RBI's. Woody Coxe chipped in two hits for the winners.

On Campus with Max Shulman

(Author of Rally Round the Flag, Boys!" and "Barefoot Boy With Cheek.")

WELL-KNOWN FAMOUS PEOPLE: No. 1

This is the first in a series of 48 million columns examining the careers of men who have significantly altered the world we live in. We begin today with Max Planck.

Max Planck (or The Pearl of the Pacific, as he is often called) gave to modern physics the law known as Planck's Constant. Many people when they first hear of this law, throw up their hands and exclaim, "Golly whiskers, this is too deep for little old me!"

(Incidentally, speaking of whiskers, I cannot help but mention Personna Stainless Steel Razor Blades. Personna is the blade for people who can't shave after every meal. It shaves you closely, cleanly, and more frequently than any other stainless steel blade on the market. The makers of Personna have publicly declared—and do here repeat—that if Personna Blades don't give you more luxury shaves than any other stainless steel blade, they will buy you whatever blade you think is better. Could anything be more fair? I, for one, think not.)

Max showed no indication.....

But I digress. We were speaking of Planck's Constant, which is not, as many think, difficult to understand. It simply states that matter sometimes behaves like waves, and waves sometimes behave like matter. To give you a homely illustration, pick up your pencil and wave it. Your pencil, you will surely agree, is matter—yet look at the little rascal wave! Or take flags. Or Ann-Margret.

Planck's Constant, uncomplicated as it is, nevertheless provided science with the key that unlocked the atom, made space travel possible, and conquered denture slippage. Honors were heaped upon Mr. Planck (or The City of Brotherly Love, as he is familiarly known as). He was awarded the Nobel Prize, the Little Brown Jug, and Disneyland. But the honor that pleased Mr. Planck most was that plankton were named after him.

Plankton, as we know, are the floating colonies of one-celled animals on which fishes feed. Plankton, in their turn, feed upon one-half celled animals called krill (named, incidentally, after Dr. Morris Krill who invented the house cat). Krill, in their turn, feed upon peanut butter sandwiches mostly—or, when they are in season, cheeseburgers.

But I digress. Back to Max Planck who, it must be said, showed no indication of his scientific genius as a youngster. In fact, for the first six years of his life he did not speak at all except to pound his spoon on his bowl and shout "More gruel!" Imagine, then, the surprise of his parents when on his seventh birthday little Max suddenly cried, "Papa! Mama! Something is wrong with the Second Law of Thermodynamics!" So astonished were the elder Plancks that they rushed out and dug the Kiel Canal.

Meanwhile Max, constructing a crude Petrie dish out of two small pieces of petrie and his gruel bowl, began to experiment with thermodynamics. By dinner time he had discovered Planck's Constant. Hungry but happy, he rushed to Heidelberg University to announce his findings. He arrived, unfortunately, during the Erich von Stroheim Sesquicentennial, and everyone was so busy dancing and duelling that young Planck could find nobody to listen to him. The festival, however, ended after two years and Planck was finally able to report his discovery.

Well sir, the rest is history. Einstein gaily cried, "E equals mc squared!" Edison invented Marconi. Eli Whitney invented Georgia Tech, and Michelangelo invented the ceiling. This later became known as the Humboldt Current.

© 1964 Max Shulman

• • •

Mr. Shulman is, of course, joshing, but the makers of Personna Blades are not: if, after trying our blades, you think there's another stainless steel blade that gives you more luxury shaves, return the unused Personnas to Box 500, Staunton, Va., and we'll buy you a pack of any blade you think is better.

You don't have to write a thesis to be a master

Mr. Golf by ARROW

makes you look like a master in a matter of minutes. Your swing will be better and so will your putting, for this shirt was designed for freedom of movement—especially for golfers. That's why the pocket is on the right. This is the shirt that you saw on ARROW's T.V. sponsorship of the MASTERS Tournament . . . it withstood the test and looked as good at the last hole as it did at the tee off.

Student body candidates state positions

by JIM SHOCK

An audience of 40 were in attendance to hear 13 candidates for student body offices state their platforms and qualifications in the Little Theater Tuesday.

The Open Forum, sponsored by the United Campus Christian Ministries, was designed to draw from the candidates their feelings on what the issues of the election could be and how they would seek to correct what was wrong.

Three persons seeking the office of student body President were asked to speak first by moderator Rev. Barry Cavahan. In alphabetical order they are Ken Olds, John Poswall and Paul Sax.

Olds contends that the main wrong in student government is that it is "inner-directed" and if elected would move to make it a "dynamic student government." Other areas mentioned as needing improvement were registration, foreign students, library thefts and The State Hornet. He would seek to expand the visiting speech program and wrestling.

John Poswall said that the largest problem was the lack of contact between "student government and the constituancy." The areas which he feels need added work and emphasis include the college union, The State Hornet, cultural programing and the foreign student problem.

Paul Sax believes that the main stumbling block is the lack of communication on the campus in general. He said that students should be better informed on problems and upon the dealings of various boards. He mentioned the Hornet Foundation as an example of the boards which he thinks students should be informed about. His suggested improvements included The State Hornet, college union, registration, athletic seating, foreign students and cultural programing.

Two candidates for Vice President, chairman of the board, Larry McVicars and Ron Arrants were invited but only McVicars was able to attend and speak. He stated that "apathy toward student government" could be countered by the government going to the students.

McVicars set the stage for the rest of the candidates who also addressed themselves to "apathy."

Running for men's representative are Frank Ruggerio, and Bob Southern.

Seeking to represent the women on campus are Carolyn Giannotti and Elaine Kves.

Social Science division has two candidates desiring to represent it. They are Surrender Armand and Terry Hansen.

Candidates for Humanities and Fine Arts are Vicki Sellich and Geri McLean.

President

Ken Olds

I do hereby declare my candidacy for Student Body President of the Associated Students of Sacramento State College.

Student government has been lacking in its program of representative government in the past year. Many of its actions have been inwardly directed, giving to the student body the impression that the Board of Directors and executive branch have become isolated and detached from the rest of the students.

A great deal of the problems surrounding student government stem from poor communications to the student body. We must develop a system to let students know what is happening. This means developing our present form - The State Hornet - to its capacity, which I do not believe has been reached, and any other means which would give the desired results. An example would be the proposed F.M. station on campus.

In addition to poor communication, student government must develop its programs in helping the student in the areas of: pre-registration and registration, by working with Mr. Richard Warren, Registrar and Dean Willys Folsom, Associate Dean of Students; developing our speaker program by allotting more money than previously allocated in the ASSSC budget; expanding our athletic program in the area of intercollegiate wrestling since we are the only FWC school without this match competition. Possibly the greatest effort should be placed on developing school spirit on this campus through the selection of excellent yell leaders and songsters to implement a dynamic Rally program.

John Poswall

John Poswell, President of Inter-Club Council, has announced his candidacy for ASSSC President. He is a junior, pre-law student majoring in social science and a member of the Honors Program.

"The foremost issue in this campaign is the philosophy and structure of student government itself. I challenge the existing policy which says, once elected, a person is no longer responsible to his constituents; that he is not committed to continue contact with them; that he becomes a resident of the Student Lounge who, from this view, solves campus problems by passing statutes, policies and other important looking documents. If the problem doesn't cease after the appropriate paper work, the situation is written off to "student apathy."

I say it's time we started talking about apathy in student government. For if students seem apathetic, it is only by association with a government that fosters and encourages this state. In the weeks to come, I will present proposals designed to meet this and other problems I feel will face the next Student Body President."

Poswall's experience includes President, Inter-Club Council; Member, Board of Directors, Hornet Foundation; ASSSC Coordinator of Publicity, Delegate, Model U. N.; Scholarship Chairman, Draper Hall; and work in many other areas.

On two occasions, he has represented the office of the Student Body President. Earlier this year, he headed a presidential advisory committee on constitutional changes.

Last year, he received an award for outstanding service in student government.

Paul Sax

Paul Sax, Men's Representative and candidate for ASSSC President, is a Social Science major concentrating in Government with minors in both Business Administration and Philosophy. He is active in Phi Kappa Tau social fraternity, has been tapped by Blue Key Men's National Honor Fraternity, and is a member of the Honors Program, having done an independent sutdy project in Sociology.

He has been active in student government for three years. In his freshman year he served as Vice-President of the Freshman Social Activities Board, and in this capacity worked with both the Social Activities Board and the Homecoming Committee. In his sophomore year he served as a student representative to the faculty Registration Procedures subcommittee, was appointed Chairman of the BOD Statutes Committee, and was elected Social Science Representative to the BOD.

He has been a member or chairman of Board of Director Committees on Presidential Appointments, BOD Office, BOD Retreat, Constitutional Evaluation, and Library.

In addition to his current duties as Men's Representative, he is a member of the ASSSC Judicial Committee, Chairman of both the Statutes Committee and the ASSSC Intramural Committee, and Chairman of the Group Orientation Program.

Vice Pres.

Ron Arrants

I am hereby declaring my candidacy for Vice President of the ASSSC. I have been a member of the Board of Directors as Social Science Representative for the past year.

Besides the Board of Directors I have been parliamentarian for Sigma Phi Epsilon Fraternity which gives me experience in parliamentary procedures.

I am a member of the College Housing Committee and a pledge of Blue Key Honor Fraternity to round off my campus activities.

Larry McVicar

I am Lawrence McVicar announcing my candidacy for the Vice Presidency of the ASSSC. My experience in student government thus far consists of the positions of both Associate Justice and Chief Justice of the Board of Justice. I am also chairman of a committee which is studying the future role of the BOJ on campus.

I am a high junior. My major is History and my minor is Economics.

I am married and the father of one child.

Men's Rep

Frank Ruggiero

I'm Frank Ruggiero a junior and a candidate for the office of Men's Representative. I'm in pre-med, majoring in Psychology with a minor in Chemistry and Life Science.

I spent my freshman year in college at the University of California at Davis. There I was a co-chairman of homecoming, the recipient of a U of C Alumni Scholarship, a member of the junior varsity football team and a member of Delta Sigma Phi fraternity.

My sophomore year I transferred to Sacramento State. I was a member of Newman Club and Chairman of Newman Frolic. I also received a Mary Goethe Scholarship for outside study. This fall I was a College Kickoff chairman and float committee chairman, member of the JV football team and I was on the Dean's list.

Bob Southern

Candidate for Men's Representative

Past Activities:
Drama Productions
College Kick-Off Counseler

Present Activities:
College Kick-Off Program Chairman
Inter-Club Council Vice-President & Representative
Inter-Fraternity Council
Judiciary Representative
Newman Club
Omega Chi Delta Secretary & Board of Directors

Major: Government
Minor: Radio & Television Speech
Two years at Sacramento State

Woman Rep

C. Giannotti

Having been active in student government at Sacramento State for three years and having taken very active interest in the Board of Directors in the past, I formally announce my intention to seek the position of Women's Representative to the ASSSC Board of Directors for 1964-1965.

I feel qualified to assume the responsibilities of this office because I have served on the Associated Women Students cabinet as past secretary and current Chairman, and because I have lived for three years in close proximity with other women students in the residence halls.

At the present I am also serving on the committee for evaluation of the National Student Association.

Elaine Kves

Elaine Kves--Women's Representative Candidate.

This is a formal announcement of my candidacy for Women's Representative. I am a Junior majoring in General Speech with an emphasis in Speech Therapy and minoring in psychology.

I feel I am qualified for this position through previous experience in student government. I have resided in the Residence Hall for three years.

The past year I have served as Secretary to the Board of Directors and the Board of Justice. Having to take accurate notes on the proceedings and handeling correspondence I am aware and informed of all issues and problems in the area of student government.

Humanities Fine-Arts

Steve Radman

I hereby declare my candidacy for the office of Humanities and Fine Arts Representative to the Board of Directors.

Some of the campus activities that I have participated in are, College Kickoff, Sigma Phi Epsilon Fraternity, and Newman Club.

I have gained executive experience as Justice for the I.F.C. Board of Justice, and Secretary for Sigma Phi Epsilon.

My major is English.

Vicki Sellich

Vicki Sellich is a candidate for the office of Representative from the Division of Humanities and Fine Arts. She is a junior, English Major, with a Speech and Spanish minor. She is a member of UCCM and the Young Democrats.

She is also an officer in the campus ACLU group and is President of the Philosophy Club. Currently she is serving as a member of the committee to evaluate the National Student Association.
